Toward the 6th EBHC Conference

Is it time to reinvent the wheel?

© GIMBE®

Toward the 6thEBHC Conference

- Basic vs advanced vs mixed program?
- Larger audience for the Conference (200-300 people)?
- Separate registration and accommodation fees?
- Reduced fees for students?
- Another venue with an international airport (Rome, Milan)?

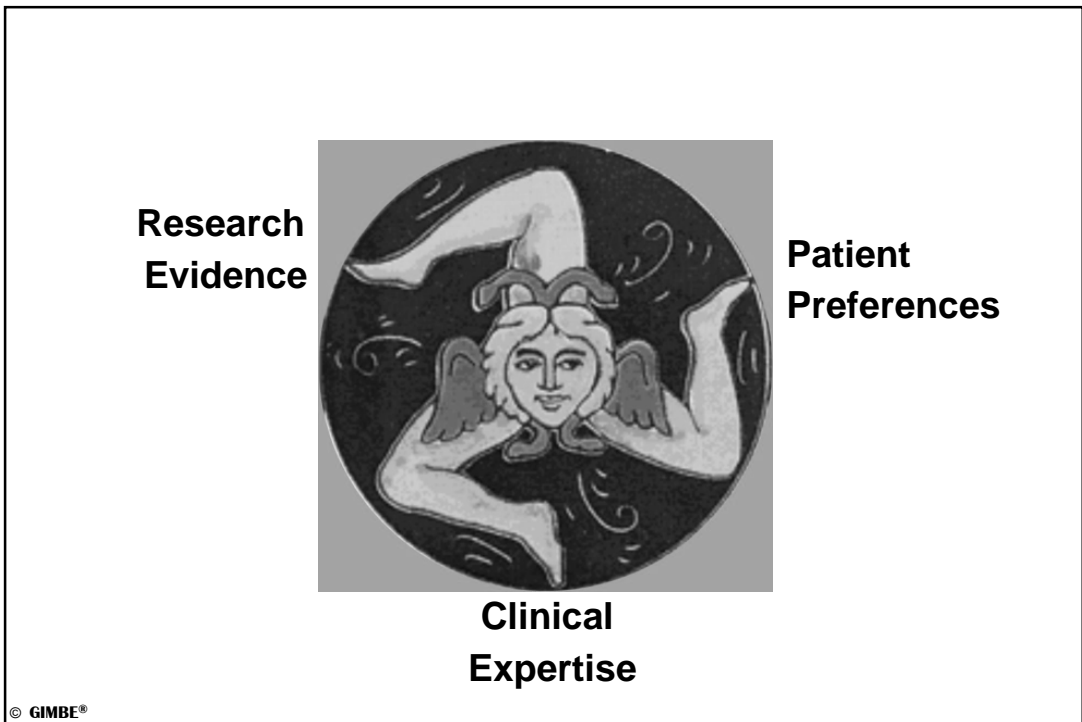

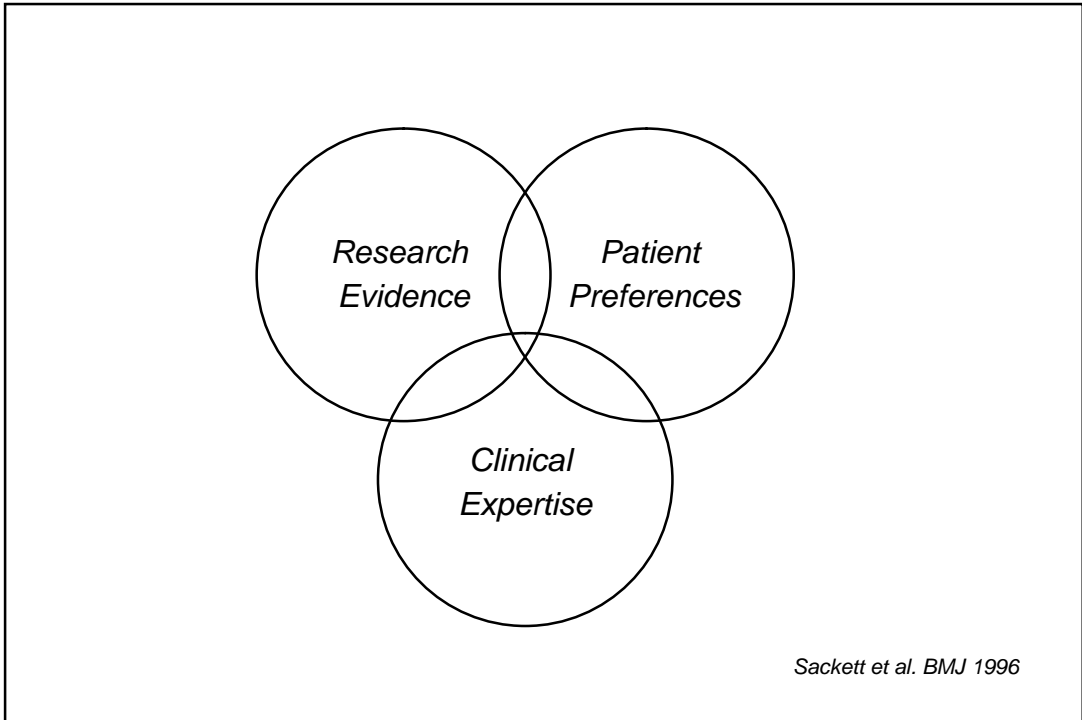

As requested, we will ask your feedback through an online survey in the next weeks

Toward the 6thEBHC Conference

- **GIMBE** is able to organize the Conference everywhere in Italy...and perhaps also abroad!
- But, as suggested by someone of you...

Toward the 6th EBHC Conference

So... if you are able to find another suitable “triangular” region/country, we will move the conference, otherwise...
